

ORDER OF THE ARROW CAMP PROMOTION PROGRAM FOR 1964

A successful camp promotion effort by each chapter must involve close coordination with the camping committee. It is suggested that the following people meet at least monthly to review the progress to date and to coordinate the plans for the month ahead:

District Executive
District Camping Chairman
District Commissioner
Chapter Camp Promotion Chairman
Chapter Adult Adviser

The best time for this meeting would probably be at the district monthly coordinating meeting.

STEPS FOR ARROW CAMP PROMOTION

1. Select a chairman for the chapter promotion committee and an adult adviser to the committee.
2. Organize as many two or three boy teams as necessary to cover the units in your district to show the camp promotion filmstrip.
3. Contact each Boy Scout troop and Explorer unit to set a date for a troop parents' night. If the unit does not plan to go to camp, inform the district chairman for follow-up.
4. Attend parents' night (in uniform) and assist with room setup, filmstrip projection and camp "pitch" to the Scouts.
(A member of the district camp committee or commissioner's staff should accompany Order of the Arrow team to this meeting.)
5. Follow-up with unit until camp reservation is received.

IT IS VERY IMPORTANT THAT THE CHAPTER CONTACT THE DISTRICT CAMPING CHAIRMAN BEFORE PROCEEDING WITH ITS CAMP PROMOTION PLANS.

Feb, March, April

on the 1st + 15th of the month

A written report ~~every two weeks~~ which I will in turn pass on to the Lodge.

This to consist of total number of units (troops & posts) needed to be contacted, how many visited already, and how many appointments lined up for visits.

This can easily be handled on a post card so no expense will be involved. (1201 W-85738)

If any trouble comes up that you can not handle or are not sure of, please give me a call at once. (Be 8-6832)

The promotion can be worked up right till opening day of camp, if any units are left which haven't been contacted, but it is best to set yourself a deadline ahead of this to work for. The 1st of May should very easily give you enough time to do your job, and if possible, set it ^{for} even earlier.

Work as close with ~~to~~ your district campers' comm. as possible.

Urban renewal began as a public program in Chicago with the passage of the Ill. Blighted Areas Redevelopment Act in 1947

Participation in urban renewal programs by the federal government was authorized by the U.S. Housing Act of 1949
